Dear Mr. Sylvester,

On behalf of the Dennis Union Church, I want to thank your organization for the care taken in moving our Sanctuary to its new position. As a retired engineer, I appreciate the skill and technology that Kevin and his crew took to move our 170-year-old building accurately and gently to its new foundation.

I hope you and the crew can come out on your Harleys again to see the final results late next spring. Meanwhile, we want to wish you and your staff a Merry Christmas and a Happy, Prosperous New Year.

Sincerely,

Willis A. Boothe
Member, Building Committee
